

## Take Your Next Step With Registered Apprenticeship!

Thursday, July 22<sup>nd</sup> at 5PM

**Find out about the  
gold standard, earn  
while you learn  
approach!**

Registered Apprenticeship is a model. It helps Employers bring newer, younger employees into their business to train in an occupation. Many of these positions are available with just a high school degree.

### Q & A Session with Registered Apprenticeship Staff

Who? - anyone over 16

Where? – All areas of Virginia

What? – from Cybersecurity, to masonry to child care teachers, to barbers

How much? – The average hourly pay for apprentices = \$14.04

When? - You can work part-time while you are finishing high school or full-time

Why? – Everyone should own their career path. Earning while you learn an occupation provides stability and a start to personal and generational wealth.

### Get Information on how to start your career with a Registered Apprenticeship!

Here is your chance to ask every question you have about the Registered Apprenticeship opportunity.

You won't know if you don't ask.
